

# PADI Advanced Diver Course

The PADI Advanced Open Water Course is a highly recommended way for everyone to gain experience and try several new and exciting dives!

You will have an opportunity to learn Night Diving, Peak Performance Buoyancy, and Deep diving. You can even try Multi-Level/Computer diving, Enriched Air (Nitrox), or Wreck diving! This is a great opportunity to gain more diving experience and enhance your basic training skills. The Advanced Open Water Diver certification is a prerequisite to Rescue Diver, several Diving Specialties and the prestigious rating of Master Scuba Diver; the highest recreational diver rating.

The **PADI** Advanced Open Water Diver Course at **Dive World** helps increase your confidence and build your scuba skills so you can become more comfortable in the water. This is a great way to get more dives under your belt while continuing to learn under the supervision of your PADI instructor. This course builds on what you've learned and develops new capabilities by introducing you to new activities and new ways to have fun scuba diving.
